

Gas Network Operations Survey 2008

- National Grid carried out a website survey in 2006
- Since then an number of change programmes have been undertaken
 - Site Revamp
 - Real Time Flow Data
 - MIPI Project
 - API Data Access
- Please complete the survey as it is your opportunity to provide us with feedback on the information sites.
- The survey is accessible via the Pod on the right side of Operational Data section of the site or using the following link.

<http://www.nationalgrid.com/uk/Gas/Data/survey>

Gas Network Operations Survey 2008

The link to the survey will be available via the Pod on the main Operational Data page

The screenshot shows the National Grid website's 'Operational Data' page. At the top, there is a navigation bar with tabs for 'About Us', 'Energy & Services', 'Media', 'Community', and 'Careers'. Below this is a breadcrumb trail: 'Gas > Electricity > Metering > Property > Interconnectors > Land and Development > Grain LNG'. A left-hand menu lists various categories, with 'Operational Data' expanded to show sub-items like 'Prevailing View', 'Dataitem Explorer', 'Report Explorer', 'Energy - Flow Data', 'Energy - Monthly Reports', 'Capacity - Daily Reports', 'Capacity - Monthly Reports', 'Capacity Auctions', 'Capacity Summary', 'Storage Information', 'Operational Summary', 'Seasonal & Annual Data', and 'News'. The main content area is titled 'Operational Data' and includes a welcome message, a paragraph about the site's purpose, a feedback form link, and contact information. A 'Recent News' section features a link to 'Market Information Issues - 01 April 2008'. On the right side, a red-bordered box highlights a 'Gas Network Operations Website Survey 2008' announcement, stating that a survey will be conducted to improve the website's performance. Below this is a section titled 'Removal Of Links To Reports' with a link to 'Direct Links'.

Operational Data

Welcome to the Network Operations, Operational Data Site

This section of our site provides access to Operational Data to all relevant industry stakeholders. The aim of this site is to reduce market uncertainty, reinforce equal access to information, and increase information transparency, facilitating efficiency in the capacity and energy markets whilst providing equitable and timely access to its operational and market information.

Please forward any queries or suggestions, relating to the website, to Network Operations, through the [Feedback form](#).

For data enquiries that require urgent attention, please contact us on: **01926 65 4639**. Please note that this service will only be available during office hours of 09:00 to 16:30 on weekdays. During out of office hours there is an answer phone service.
