National Grid. Operation & Trading

5 PROCEDURE**Contents**

- 1. Purpose**
- 2. Standing Instruction**

1. **Purpose:** Procedure to allow compensation payments to be made in the event of Storage Curtailment (Mod 0071a).
2. **Standing Instruction**
 - **Shipper** to Retrieve latest proforma of the CQ_{SCP} and SCCQ Statements

Estimated Storage Curtailment Compensation Quantity

- **Shipper** to complete and submit to e-mail account by 04:00hrs on each Day that Storage Curtailment occurs.

sysop.centre.issues@uk.ngrid.com

or fax to **01926656616**, (though no responsibility can be excepted by National Grid or it's Agents for transcription if non electronic proformas are received)
- **National Grid** will, by 1700 on the first Business Day following the Day that Storage Curtailment occurs, advise each User that submits a SCCQ Statement the amount payable. This will be sent to the originating email or fax address.

Actual Storage Curtailment Compensation Quantity

- **Shipper** to complete and submit CQ_{SCP} and SCCQ Statements containing actual quantities to e-mail account by M+12.
- **National Grid** will receive revised CQ_{SCP} and SCCQ Statements and submit by entry close out date to xoserve for invoicing c/w relevant charging / prices.

Storage Curtailment Reconciliation

- **National Grid** will calculate the Storage Curtailment Reconciliation Price following 30 consecutive days have passed where no Potential or Actual Network Gas Supply Emergency occurred.
- **National Grid** will submit this price to xoserve for relevant payment or receipt to be made against the Actual Storage Curtailment Compensation Quantities submitted.
- End
