

## **Working Group Terms of Reference and Membership**

### **TERMS OF REFERENCE FOR CAP144 WORKING GROUP**

#### **RESPONSIBILITIES**

1. The Working Group is responsible for assisting the CUSC Amendments Panel in the evaluation of CUSC Amendment Proposal CAP140 tabled by National Grid at the Amendments Panel meeting on 26<sup>th</sup> January 2007.
2. The proposal must be evaluated to consider whether it better facilitates achievement of the applicable CUSC objectives. These can be summarised as follows:
  - (a) the efficient discharge by the Licensee of the obligations imposed on it by the Act and the Transmission Licence; and
  - (b) facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the sale, distribution and purchase of electricity.
3. It should be noted that additional provisions apply where it is proposed to modify the CUSC amendment provisions, and generally reference should be made to the Transmission Licence for the full definition of the term.

#### **SCOPE OF WORK**

4. The Working Group must consider the issues raised by the Amendment Proposal and consider if the proposal identified better facilitates achievement of the Applicable CUSC Objectives.
5. In addition to the overriding requirement of paragraph 4, the Working Group shall consider and report on the following specific issues:
  - Is there a defect in the CUSC in that it does not adequately address the situation where an EI is issued by National Grid in Balancing Mechanism timescales as described in CAP144?
  - Should access compensation be available to a generator via the CUSC for the type of EI described in CAP144 rather than as present treated as a commercial balancing service?
  - How should the timing of any required changes to CUSC be coordinated with any required changes to the Grid Code?
6. The Working Group is responsible for the formulation and evaluation of any Working Group Alternative Amendments (WGAAs) arising from Group discussions which would, as compared with the Amendment Proposal, better facilitate achieving the applicable CUSC objectives in relation to the issue or defect identified.
7. The Working Group should become conversant with the definition of Working Group Alternative Amendments which appears in Section 11 (Interpretation and Definitions) of the CUSC. The definition entitles the Group and/or an individual Member of the Working Group to put forward a Working Group

Alternative Amendment if the Member(s) genuinely believes the Alternative would better facilitate the achievement of the Applicable CUSC Objectives. The extent of the support for the Amendment Proposal or any Working Group Alternative Amendment arising from the Working Group's discussions should be clearly described in the final Working Group Report to the CUSC Amendments Panel.

8. The Working Group is to submit their final report to the CUSC Panel Secretary on 19<sup>th</sup> April 2007 for circulation to Panel Members. The conclusions will be presented to the CUSC Panel meeting on 27<sup>th</sup> April 2007.
