

GB SQSS Onshore Intermittent Generation Working Group

Industry Workshop Invitation

The GB SQSS Onshore Intermittent Generation Working Group has arranged an industry workshop to discuss the review of the GB SQSS in light of increasing penetration of intermittent generation on the GB system.

Please find attached an abstract of the workshop. The same workshop will be held in London and Glasgow to allow as much industry participation as possible. The workshop details are as follows:

- **Wednesday 2nd May 2007**
New Connaught Rooms, 61 - 65 Great Queen Street, London. WC2B 5DA
- **Friday 4th May 2007**
IET Teacher Building, 14 St. Enock Square, Glasgow, G1 4DB
<http://www.teacherbuilding.co.uk/location/index.htm>

You are invited to register for any one of the workshops if you would like to attend. Although it is not mandatory to register before the day of the workshop, we would appreciate if you could do so in order that we may have an indication of how many delegates to expect. The event is FREE.

To register, please provide the following information in your reply email

- Your name,
- Organisation and
- The event you wish to attend.

If you require further information, please contact me on the details below.

Bless Kuri
