Dear Craig,

STOR review

Thank you for the opportunity to respond to your STOR review consultation. International Power plc is responding on behalf of First Hydro Company, Saltend Cogeneration Company Ltd, Rugeley Power Ltd, Deeside Power Ltd. and Indian Queens Power Ltd.

We support the various changes you propose to the standard terms relating to changes to terms, remedial plans and window extensions.

We also support the proposed change to limit the ability of providers to reduce energy price (i.e. from the tendered price) until a solution is found that will allow all providers to adjust price *and* that facilitates visibility of these price changes to all contract holders (both BM and non-BM). We believe that the current situation where one provider can routinely adjust price without the knowledge of other providers is unacceptable.

We hope that you find these comments useful

Simon Lord,
Transmission Services Manager
