

Vat rate change

....1st Jan 2012

-
- **VAT CHANGES THAT MAY AFFECT YOUR QUOTATION**
 - HMRC changes to the VAT law mean that when providing a **NEW Gas supply** to an **EXISTING DOMESTIC property**, we will be required to charge 20% VAT from 01/01/2012 in all instances.
 - We will continue to issue quotations based upon the current zero rated VAT, where applicable.
 - Our quotations have a validity period of 45 days.
 - If you wish to benefit from the work being at zero rated VAT, you will need to pay the quote amount in full on or before 31/12/11. All quotes paid for on or after 01/01/12 will need to have VAT added at 20%.
