

UoSCM-M-01 (a-j) Clarification Modification to the Statement of the Use of System Charging Methodology

The Authority agrees that all the proposed modifications (a)-(j) are changes to the statement so that it more accurately reflects the use of system charging methodology. The modifications are therefore not subject to the provisions of LC10A(4) and can be implemented on 1 October 2001. The charging methodology will not be affected.

UoSCM-M-02 (a&b) Update Modification to the Statement of the Use of System Charging Methodology and the Statement of Use of System charges

The Authority agrees that both the proposed modifications (a) & (b) are changes to update the statement so that it materially reflects the use of system charging methodology. The modifications are therefore not subject to the provisions of LC10A(4) and can be implemented on 1 October 2001. The charging methodology will not be affected.

CCM-M-01 Clarification Modification to the Statement of the Use of System Charging Methodology

The Authority agrees that the proposed modification is a change to the statement so that it more accurately reflects the connection charging methodology. The modification is therefore not subject to the provisions of LC10B(10)(a) and can be implemented on 1 October 2001. The connection charging methodology is not affected.

CCM-M-02 (a&b) Update Modification to the Statement of the Use of System Charging Methodology

The Authority agrees that both the proposed modifications (a) & (b) are changes to update the statement so that it materially reflects the connection charging methodology. The modifications are therefore not subject to the provisions of LC10B(10)(a) and can be implemented on 1 October 2001. The charging methodology will not be affected.

Please refer to NGC's reports for details of the modifications.
