# Ofgem Update Gas Operational Forum

Elio Zammuto

9 December 2009

## UNC246/246A/246B impact assessment

- Ofgem has issued an Impact Assessment on UNC246/246A/246B
- This consultation closed on 18 November and we are now considering responses
- Responses are available at:  
<http://www.ofgem.gov.uk/Pages/MoreInformation.aspx?docid=4&refer=Licensing/GasCodes/UNC/Ias>

## Impact Assessment Entry Capacity Substitution

- This document assesses how the methodology proposed by NGG would facilitate the implementation of the policy
- Document available at:  
<http://www.ofgem.gov.uk/Networks/Trans/GasTransPolicy/TTS/Documents1/091104%20Impact%20Assessment%20%20FINAL.pdf>
- The consultation closed on 1 December and we are considering the responses

## Consultation on the timing of the next transmission price control

- The purpose of this document is to set out options and seek opinions on the approach and timetable for TPCR5
- This consultation closed on 25 November and is now going to the December Authority for a decision
- Document available at:  
<http://www.ofgem.gov.uk/Networks/Trans/PriceControls/TPCR5/Documents1/Approach%20and%20timetable%20options%20for%20taking%20forward%20the%20next%20Transmission%20Price%20Control%20Review%20FINAL.pdf>

## UNC262 - Treatment of Capacity affected by Force Majeure

- This proposes to socialise the costs of capacity affected by Force Majeure
- The Authority has rejected this modification

## Workshop on gas system flexibility

- We held a workshop on gas system flexibility last month
- We are looking to gather information on key operational parameters now, so that we can catch any trends/changes and act pre-emptively
- Ofgem will be putting out a consultation towards the back end of January
