

Interruption Exercise.

Integrated communication exercise.

Interruption Communication Exercise.

- Exercise “Oyster Catcher” will be held the week commencing 26th November 2007.
- Purpose is to:
 - Test communications between the Transporters and Shippers.
 - Identify data quality or portfolio issues that may have an operational impact.
- What we want you to do:
 - Confirm receipt within 30 minutes.
 - Reflect back any differences between the records we send and your portfolio.

Interruption Communication Exercise.

- Please be aware that we do not require you to actually interrupt gas consumers. If Transporter interruption is ongoing, or likely, the test will be postponed.
