

STCP Amendment Proposal Form

PA055

1. Title of Amendment Proposal

Amendments to STCP13-1 regarding provision of interruption payments to NGET.

2. Description of the Proposed Amendment *(mandatory field)*

The proposed changes have all been discussed and agreed at the Charging User Group (“CHUG”) between the SHETL, SPT and NGET.

The changes are summarised below:

- Addition of new section on remuneration by a TO to NGET in relation to interruption payment *Section 1.3.3.*
- Addition of new definition, “NGET Charges” *Section 2, “Key Definitions”*
- Introduction of a new section for dealing with NGET Charges *New section 3.4.*

3. Description of Issue or Defect that Proposed Amendment seeks to Address *(mandatory field)*

If a User is interrupted as a result of an incident in the transmission system then NGET investigates the cause and makes an interruption payment to the User, however until recently, there was no mechanism within the STC for TOs to pay NGET in the event of an interruption on part of the transmission system in Scotland. This STCP amendment enables, where applicable, the payment of consequential interruption payments by the relevant TO to NGET.

4. Impact on the STC *(information should be given where possible)*

None

5. Impact on other frameworks e.g. CUSC, BSC *(information should be given where possible)*

None

6. Impact on Core Industry Documentation *(information should be given where possible)*

None

7. Impact on Computer Systems and Processes used by STC Parties *(information should be given where possible)*

None

8. Details of any Related Modifications to Other Industry Codes *(where known)*

None

9. Justification for Proposed Amendment with Reference to Applicable STC Objectives *(mandatory field)*

This amendment is proposed in accordance with the following Applicable STC Objectives: a) “efficient discharge of the obligations imposed upon transmission licensees by transmission licences and the Act”, and e) “promotion of good industry practice and efficiency in the implementation and administration of the arrangements described in the STC”. It helps better achieving these objectives by enhancing and clarifying the invoicing and payment process for interruption payments.

Details of Proposer Organisation's Name	Scottish Power Transmission Ltd
Capacity in which the Amendment is being proposed (i.e. STC Party or other Party as designated by the Authority pursuant to STC section B7.2.2.1 (b))	STC Party
Details of Proposer's Representative Name Organisation Telephone Number Email Address	Deborah MacPherson SP Energy Networks 01698 413 444 Deborah.MacPherson@scottishpower.com

Attachments (Yes/No): Yes Tracked changes version of STCP 13-1	

Notes:

1. Those wishing to propose an Amendment to the STC should do so by filling in this "Amendment Proposal Form" that is based on the provisions contained in Section 7.2 of the STC.
2. The Committee Secretary will check that the form has been completed, in accordance with the requirements of the STC, prior to submitting it to the Committee. If the Committee Secretary accepts the Amendment Proposal form as complete, then she/he will write back to the Proposer informing them of the reference number for the Amendment Proposal and the date on which the Committee will consider the Proposal. If, in the opinion of the Committee Secretary, the form fails to provide the information required in the STC, then he/she may reject the Proposal. The Committee Secretary will inform the Proposer of the rejection and report the matter to the Committee at their next meeting. The Committee can reverse the Committee Secretary's decision and if this happens the Committee Secretary will inform the Proposer.

The completed form should be returned to:
