Dear Stuart,

CONCLUSIONS REPORT FOR THE MODIFICATION PROPOSAL TO THE TRANSMISSION NETWORK USE OF SYSTEM CHARGING METHODOLOGY AND BALANCING SERVICES USE OF SYSTEM CHARGING METHODOLOGY

GB ECM-18 – LOCATIONAL BSUOS

Please find attached, the conclusions report for the Use of System Charging Methodology modification proposal GB ECM-18 concerning Locational BSUoS.

In accordance with Standard Condition C5 of the Transmission Licence, the report sets out:

- (a) the terms originally proposed for the modification;
- (b) the representations made by Users;
- (c) any changes made to the terms of the modification intended as a result of such representations;
- (d) how the intended modification better achieves the relevant objectives; and
- (e) a timetable for implementation of the modification.

We will be publishing the conclusions report to all concerned parties in parallel to this letter and will be posting this report on the National Grid charging website.

If you have any queries please do not hesitate to contact me.

Yours sincerely,

Mark Ripley
