Subject: GB Transmission Charges Consultation/

Dear Richard:

I have one formal comment on the Charging Consultation.

This refers to the name of transmission area 7 "Southern Highlands". This area is NOT the Spouthern Highlands: it contains virtually no high ground. Most people, if asked which area was the Southern Highlands, would identify area 6 (Cemtral Highlands), not area 7. The name "Southern Highlands" is confusing.

Area 7 should be named "Argyll".

(less importantly, Area 4 should be named "Skye and Lewis").

Happy New Year,

Toby Manning
