

CAP148 Working Group

Meeting Name	CAP148 Working Group
Meeting No.	4
Date of Meeting	20 th June 2007
Time	10:00 – 15:00
Venue	AEP Offices, 17 Waterloo Road, London

This note outlines the key action points from the fourth meeting of the CAP148 Working Group.

1. Actions

1. Construct a diagram to illustrate the interrelation of the various project delivery milestones and the effect that delays would have on the user's liability for charges and National Grid's requirement to give access.
Action: BR & MT
2. Circulate paper on 'capacity terms and acronyms' written by National Grid (WKW)
Action: MT
3. Include a paragraph within report, on what would happen if a TEC thermal generator converted part of output into REGO qualifying renewable output.
Action: MT
4. Provide words for 4.3.7.2.3 consistent with the key principle of the initial CAP148 proposals. (concerning the dispatch of DTEC and TEC plant)
Action: All
5. Consider the elements of the associated cost for interruption payments. How will it be defined? Not administered costs but lost opportunity cost.
Action: All
6. Comment on discrimination words. Due vs. undue using qualitative and quantitative analysis.
Action: All
7. Send out revised version of draft working group report by Friday evening, 22nd June.
Action: MT

2. Date of Next Meeting

8. The next Working Group meeting will be held on Wednesday 4th July 2007 at the National Grid offices in Northampton. The meeting will commence at 10.00am.
