Emergency Exercise Moscow

# Emergency Exercise Moscow

---

- Emergency Exercise Moscow is planned for 27<sup>th</sup> and 28<sup>th</sup> September
- In response to recent NEC Safety Case and E/1 changes
  - To ensure industry understanding of new arrangements
  - Test of the new GS(M)R Safety Monitor Breach classification
  - Prepare for the coming winter
- Players will include
  - Shippers
  - iDNs, and rDNs
  - Storage Facilities

# Emergency Exercise Moscow

---

- Scope will include Stages 1-5 of an NGSE
  - Interruption
  - Maximising Beach Gas
  - Firm Load Shedding
- Leading to a 'long duration' GS(M)R Safety Monitor Breach
- Communication between all parties will be observed, to ensure that all everyone is aware of the process.
- All communication during the exercise will commence with "Exercise Moscow".
- Thank-you for your cooperation!
