STCPs where No Changes are required for Offshore

The following table contains a list of the STC Procedures that are believed to require no changes to be applicable Offshore on the basis that where the term Transmission Owner (TO) is stated in the procedure it refers to either an Onshore Transmission Owner or an Offshore Transmission Owner.

To view any of the STCPs listed in the table you will have to go to the location of the live procedures.

http://www.nationalgrid.com/uk/Electricity/Codes/sotocode/Library/

From the STC library, scroll down to the procedures section and select the appropriate live STCP.

Ref	Title
STCP13-1	Invoicing and Payment
