

Gemini Update

Dene Williams – 11th February 2009

Agenda

- Recent Outages/Incidents
- Gemini Disaster Recovery Testing

Recent Outages / Incidents (01/01/09 – 31/01/09)

**No incidents or outages reported for this period!
(Incident free for 3 months!)**

Disaster Recovery Testing

- Desktop Exercise has now been completed
- Offline DR testing carried out on 8th Feb 2009
 - Completed successfully and within the planned timescales
 - No impact to production services
 - All testing criteria met
 - High level of confidence for full DR test
- Next Steps
 - Post offline test review inc. lessons learnt
 - Further plan walkthroughs
 - Full DR test later in the year (This forum will be advised of date a.s.a.p)
