

Gemini E-mail Contingency

September 2006

Gemini Contingency procedures

- ◆ From 1st September UK LINK modification to allow use of Email communications in a Gemini Contingency.
- ◆ Format C008F can be emailed to National Grid if Gemini Contingency arrangements exist at the end of a gas day.
- ◆ See procedure C05/9009 “Gas Trades and Gas Flow Input and Output Nominations/Renominations – Business Associate connection to Gemini Fails.”
- ◆ C008F allows upload into Gemini when Gemini is restored.
- ◆ Form C008 can still be used by fax.
- ◆ National Grid encourage the use of File C008F in the event of contingency arrangements.

Gemini Contingency example

- ◆ National Grid declares Email Contingency via ANS.
- ◆ 04:00 – 06:00 Shipper sends C008F file to National Grid by email (gncc.operations@uk.ngrid.com) or C008 form by Fax.
- ◆ C008F upload into Gemini or faxes manually entered when Gemini is restored.
- ◆ Approval batch job is run.
- ◆ ANS to shippers to inform contingency closed and nominations can be checked.

- ◆ Note: If a Gas Trade is unmatched it will be in Nominated status and shippers should consult their counterparty.
