

# Statement of Use of System Charges format

Wayne Mullins

# Background

---

- Statement of Use of System Charges
  - 'The Charging Statement'
  - Licence requirement
  - Currently sets out;
    - Schedule 1 - Annual TNUoS tariffs and calculation parameters
    - Schedule 2 – Details of Incentive Schemes for BSUoS charges
    - Schedule 3 – Application fees for Connection and Use of System Agreements
    - Schedule 4 – Charge-Out Rates for Engineering Charges for Variable Price Applications

## Proposed change to format

---

- Charging Methodologies now under CUSC governance (CAP188) - Requirement to fully embed

### Already completed

Non-material changes made to sections 11 & 14 of CUSC to fully incorporate Charging Methodology Statements

### Outstanding

- Illustrative Connection Charges
- Examples of Connection Charge Calculations
- Other data which may vary with time

# Proposed Strategy

---

## Stage 1

Place updated time varying data in Statement of Use of System Charges

## Stage 2

CUSC modification proposal for removal of time varying data in from Section 14

- Benefits of proposal
  - Future update process efficient
  - Data easy to find for user
  - Data remains relevant
