

2011 Elections for CUSC Modifications Panel members - APPENDIX 1 - 20 June 2011

| User  | Category of Use  | CUSC Panel Election Ref |
|---|--|-------------------------|
| Abernedd Power Company Ltd                        | Directly Connected Power Station   | CPE001                  |
| AES Energy Limited                                | Supplier   | CPE002                  |
| Aikengall Community Wind Company Limited          | Embedded Exemptable Large Power Station                                  | CPE003                  |
| Airtricity Developments (Scotland) Limited        | Embedded Exemptable Large Power Station                                  | CPE004                  |
| Airtricity Developments (UK) Limited              | Directly Connected Power Station;Embedded Exemptable Large Power Station | CPE005                  |
| Alderney Renewable Energy                         | Directly Connected Power Station   | CPE006                  |
| An Suidhe Wind Farm Limited                       | Directly Connected Power Station   | CPE007                  |
| Argyll Wind Farms Limited                         | Embedded Exemptable Large Power Station                                  | CPE008                  |
| Arjo Wiggins Fine Papers Limited                  | Embedded Power Station   | CPE009                  |
| Awyr Lan Energy Partners LLP                      | Dormant CUSC Party   | CPE010                  |
| Ayrshire Power Limited                            | Directly Connected Power Station   | CPE011                  |
| Baglan Generating Limited                         | Directly Connected Power Station   | CPE012                  |
| Baglan Operations Limited                         | Directly Connected Power Station   | CPE013                  |
| Baillie Wind Farm Limited                         | Embedded Power Station   | CPE014                  |
| Ballindalloch Muir Wind Farm Limited              | Dormant CUSC Party   | CPE015                  |
| Barclays Bank Limited                             | Interconnector User  | CPE016                  |
| Barking Power Limited                             | Directly Connected Power Station   | CPE017                  |
| Barrow Offshore Wind Ltd                          | Embedded Power Station   | CPE018                  |
| Bear Stearns International Limited                | Interconnector User;Supplier   | CPE019                  |
| Beatrice Offshore Windfarm Ltd                    | Directly Connected Power Station   | CPE020                  |
| Beaufort Wind Limited                             | Embedded Power Station   | CPE021                  |
| Beinn Mhor Power Limited                          | Directly Connected Power Station   | CPE022                  |
| Ben Aketil Wind Energy Limited                    | Embedded Exemptable Large Power Station                                  | CPE023                  |
| BES Commercial Electricity Ltd                    | Supplier   | CPE024                  |
| BHP Billiton Marketing AG                         | Interconnector User  | CPE025                  |
| BKW FMB Energie AG                                | Interconnector User  | CPE026                  |
| BOC Limited                                       | Non-Embedded Customer Site   | CPE027                  |
| Boulfruch Wind Farm Limited                       | Embedded Power Station   | CPE028                  |
| Boyndie Wind Energy Limited                       | Embedded Power Station   | CPE029                  |
| BP CHP (UK) Limited                               | Embedded Power Station   | CPE030                  |
| BP Gas Marketing Limited                          | Interconnector User  | CPE031                  |
| British Energy Direct Limited                     | Supplier   | CPE032                  |
| British Energy Generation Limited                 | Dormant CUSC Party   | CPE033                  |
| British Energy Generation Limited                 | Directly Connected Power Station   | CPE034                  |
| British Energy Trading and Sales Limited          | Interconnector User  | CPE035                  |
| British Gas Trading Limited                       | Supplier   | CPE036                  |
| British Nuclear Fuels Plc                         | Directly Connected Power Station   | CPE037                  |
| British Nuclear Group Sellafield Limited          | Dormant CUSC Party   | CPE038                  |
| BritNed Development Limited                       | Interconnector Owner   | CPE039                  |
| Brockloch Rig Windfarm Limited                    | Directly Connected Power Station   | CPE040                  |
| Canatxx Energy Ventures Limited                   | Dormant CUSC Party   | CPE041                  |
| Cargill plc                                       | Interconnector User  | CPE042                  |
| Carnedd Wen Wind Farm Ltd (Npower Renewables plc) | Directly Connected Power Station   | CPE043                  |
| Carrington Power Limited                          | Directly Connected Power Station   | CPE044                  |
| Catamount Energy Limited                          | Directly Connected Power Station   | CPE045                  |
| Causeymire Windfarm Limited                       | Embedded Power Station   | CPE046                  |
| Celsa Manufacturing (UK) Limited                  | Non-Embedded Customer Site   | CPE047                  |
| Celt Power Limited                                | Dormant CUSC Party   | CPE048                  |
| Central Networks East plc                         | Directly Connected Distribution System                                   | CPE049                  |
| Central Networks West plc                         | Directly Connected Distribution System                                   | CPE050                  |

|   |   |        |
|---|---|--------|
| Centrica (DSW) Limited                              | Directly Connected Power Station                        | CPE051 |
| Centrica (LINCS) Limited                            | Directly Connected Power Station                        | CPE052 |
| Centrica (RBW) Limited                              | Directly Connected Power Station                        | CPE053 |
| Centrica Barry Limited                              | Embedded Power Station                                  | CPE054 |
| Centrica Brigg Limited                              | Embedded Power Station                                  | CPE055 |
| Centrica Energy Limited                             | Interconnector User                                     | CPE056 |
| Centrica KL Limited                                 | Directly Connected Power Station                        | CPE057 |
| Centrica KPS Limited                                | Directly Connected Power Station                        | CPE058 |
| Centrica Langage Limited                            | Directly Connected Power Station                        | CPE059 |
| Centrica PB Limited                                 | Embedded Power Station                                  | CPE060 |
| Centrica RPS Limited                                | Embedded Power Station                                  | CPE061 |
| Centrica SHB Limited                                | Directly Connected Power Station                        | CPE062 |
| Channel Energy Limited (Npower Renewables plc)      | Directly Connected Power Station                        | CPE063 |
| Cinergy Global Power (UK) Limited                   | Dormant CUSC Party                                      | CPE064 |
| Citigen (London) Limited                            | Embedded Power Station                                  | CPE065 |
| Clyde Wind Farm (Scotland) Limited                  | Directly Connected Power Station                        | CPE066 |
| Coastal Energy Limited                              | Directly Connected Power Station                        | CPE067 |
| Commercial Electricity Supplies Limited             | Dormant CUSC Party                                      | CPE068 |
| Community WindPower Limited                         | Embedded Exemptable Large Power Station                 | CPE069 |
| Compagnie Nationale Du Rhone                        | Interconnector User                                     | CPE070 |
| Conoco Phillips (U.K) Limited                       | Interconnector User                                     | CPE071 |
