Terms of Reference

1. To explore and identify possible transparent and binding long-term mechanisms, which would allow relevant existing and developing Grid Code technical requirements for licence-exempt embedded medium power stations to be applied, enforced and complied with during the lifetime of the station.
2. To assess the practicality and acceptability of each potential option and also assess high level impact of each potential option on Grid Code, Distribution Code and other key industry documents.
3. To consider other mechanisms as appropriate.
4. The joint GCRP/DCRP working group will report progress and outcome to both Panels.
5. The membership of the joint working group will be drawn from the GCRP/DCRP or their nominated representatives, and Ofgem.
6. The joint working group will aim to complete its work for the GCRP and DCRP meetings that take place on 20 November 2003 and 27 November 2003 respectively.
