14th January 2008

Agenda

- Recent Outages/Incidents
- Gemini Disaster Recovery Testing

Recent Outages / Incidents (01/12/08 – 31/12/08)

No incidents or outages reported for this period!

Disaster Recovery Testing

- A report has been generated by the DR coordinator with a number of actions and recommendations identified
- A Project Manager has been assigned by xoserve to manage resolution activities
- Corrective actions already put in place to address some of the issues experienced during October
- Implementation plan has been reviewed / revised

- Next Steps
 - Further plan walkthroughs
 - Desktop exercise completed
 - Offline test scheduled for January '09
 - Full DR test later in the year (Date TBC)
