## Modern Slavery Risk Assessment (2017 data)

In 2017 we completed a desktop risk assessment of our top 250 suppliers (global top 250 suppliers to the National Grid plc group based on spend) using recommended risk criteria which assessed: country of origin of the goods/service, brand association, supply chain complexity, levels of sub-contracting and category of spend.

### Potential risk profile of top 250 suppliers based on desktop exercise

<span style="color: #0070C0;">■</span> High Risk	<b>14%</b>	35
<span style="color: #54278F;">■</span> Medium Risk	<b>44%</b>	110
<span style="color: #FF8C00;">■</span> Low Risk	<b>42%</b>	105

For our top 250 suppliers, 14% were identified as potentially high risk and these related to the following categories:

- Construction/Civil works
- Substations
- Facilities - catering/cleaning/security
- Maintenance, repair and operations/PPE (personal protective equipment) and tools
- Travel Management
- Office supplies
