

## Data Privacy Notice

Camargue Group Limited is supporting National Grid with its consultation process. Camargue Group Limited (“we” or “us”) is committed to ensuring the privacy of your personal information. In this notice we explain how we hold, process and retain your personal data.

### How we use your personal data

We may process information that you provide to us. This data may include the following:

- Your name;
- Your address;
- Your telephone number;
- Your email address;
- Your employer or any group on whose behalf you are authorised to respond; and
- Your feedback in response to the National Grid consultation;
- Your IP address (online only).

IP addresses are collected automatically if you contact us online. Apart from that, we only collect the information you choose to give us. We will use your personal data for the following purposes:

- To record accurately and analyse any questions you raise during the consultation or feedback you have provided in response to the consultation.
- To report on our consultation, detailing what issues have been raised and how we have responded to that feedback (please note that the information contained in the consultation report will be aggregated and will not identify specific individuals).
- To personalise communications with individuals we are required to contact as part of future consultation or communications.
- The legal basis for processing this data is that it is necessary for our legitimate interest, namely for the purpose of ensuring the consultation process, analysis and reporting are accurate and comprehensive.
- In addition to the specific purposes for which we may process your personal data set out above, we may also process any of your personal data where such processing is necessary for compliance with a legal obligation to which we are subject.

### Providing your personal data to others

We may provide your personal data to the following recipients:

- National Grid on whose behalf we are collecting your feedback in order to analyse and report on the responses received.
- Third party service providers and professional advisors who provide services to National Grid in connection with the Consultation.
- Our insurers/ professional advisers. We may disclose your personal data to our insurers and/or professional advisers insofar as reasonably necessary for the purposes of obtaining and maintaining insurance cover, managing risks, obtaining professional advice and managing legal disputes.

### Retaining and deleting personal data

Personal data that we process for any purpose shall not be kept for longer than is necessary for that purpose.

Unless we contact you and obtain your consent for us to retain your personal data for a longer period, we will delete your personal data as soon as practicable following the outcome of the consultation process.

We may retain your personal data where such retention is necessary for compliance with a legal obligation to which we are subject.

### Your rights

The rights you have in relation to your personal information under data protection law are:

- The right to access;
- The right to rectification;
- The right to erasure;
- The right to restrict processing;
- The right to object to processing;
- The right to data portability; and
- The right to complain to a supervisory authority.

You may exercise any of your rights in relation to your personal data by writing to us using the details below.

### Our details

We are registered in England and Wales under registration number 3954008, and our registered office is at Eagle Tower, Montpellier Drive, Cheltenham GL50 1TA.

**0800 915 3596**  
and leaving a voicemail
- By email, using the email address:  
**Bodelwyddan@nationalgrid.com**

# Bodelwyddan Substation extension proposals

Opportunity to have your say – Feedback form

**We are welcoming people’s views on our proposals to extend our Bodelwyddan substation, in Cefn Meiriadog south of St Asaph Business Park, so we can safely connect new sources of clean renewable energy in North Wales to the electricity network.**

Please note, we need to reconfigure the existing overhead line for the extension to work. Permission for the change to the overhead line follows a different consent process, which requires us to seek approvals from the Secretary of State under Section 37 of the Electricity Act 1989.

Denbighshire County Council and other organisations and stakeholders will be asked for their views as part of this separate process. You will also be able to take part in this process and make representations on the consent application.

### Personal information:

Title: \_\_\_\_\_ First Name: \_\_\_\_\_

Surname: \_\_\_\_\_

Are you responding on behalf of an organisation? (if yes, tick box)

Do you wish to be kept informed? (if yes, tick box)

Name of organisation: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_

**Q1. Our proposed substation extension has been designed in a similar layout and at the same height as the current substation.** Do you have any comments on the proposed design and layout of the substation extension?

**Q2. While existing field hedges will be reinstated, we would be unable to plant new hedges or to grow new trees immediately around the proposed substation extension.** This is because developers will need to install their cables underground here to connect to our substation.

Are you aware of any locations elsewhere nearby where we could - with the landowner's agreement - consider trees or other planting to help reduce the visual impact of the substation from key viewpoints such as public footpaths? If so, please provide details.

**Q3. Do you have any other comments on our proposal to extend our substation?**
