1	<p>Certain technical figures, forming part of Volume 3 of the Preliminary Environmental Information Report (PEIR) were omitted from the original digital upload of consultation material on the 24 October 2023. These figures comprise:</p> <ul style="list-style-type: none"> • Volume 3 Part 3 Chapter 3 (Ecology & Biodiversity – Kent) Figures. • Volume 3 Part 2 Chapter 6 (Geology & Hydrogeology - Suffolk) Figures. • Volume 3 Part 2 Chapter 14 (Inter-Project Cumulative Effects - Suffolk) Figures. • Volume 3 Part 3 Chapter 6 (Geology & Hydrogeology – Kent) Figures. 	<p>The missing Figures were added to the digital upload and were available for consultees to view from the 27 October 2023 for Volume 3 Part 3 Chapter 3, and from the 30 October 2023 for Volume 3 Part 2 Chapter 6, Volume 3 Part 2 Chapter 14, and Volume 3 Part 3 Chapter 6.</p> <p>The PEIR figures and appendices were not available in hard copy format at deposit points or at public events and there were therefore no hard copies that needed replacing.</p>
2	<p>The Project Overview Document contains an illustration on page 23 showing other committed and planned developments in Suffolk. Early versions of this document presented an incomplete boundary for the proposed Lion Link project. Due to an error when producing this figure, only the northern landfall options and</p>	<p>The incomplete Lion Link boundary was replaced with the complete boundary in all digital versions of the Project Overview Document from 07 November 2023. This shows all options currently under consideration for the Lion Link project, which were included in their supplementary non-statutory consultation.</p>

	<p>northern onshore cable corridors were shown. The other landfall and corridor options being considered by the Lion Link project were incorrectly omitted.</p>	<p>Hard copies at deposit points and at public events are being replaced with corrected versions from this date onwards. Any hard copies already taken by interested parties prior to this update will still feature the incomplete Lion Link boundary, and consultees are directed to the online version where the correct boundary can be viewed.</p>
