The Great Grid Upgrade

North Humber to High Marnham

North Humber to High Marnham

July 2024

National Grid Electricity Transmission is consulting on proposals for a potential alternative corridor, referred to as the eastern corridor for the North Humber to High Marnham proposals between South Wheatley and High Marnham. Our proposals are part of The Great Grid Upgrade – the largest overhaul of the grid in generations.

Our consultation is running from **9 July** until **6 August 2024**.

It is important that we hear the views of local people. Knowing what matters to you, matters to us.

To find out more about the proposals, our public information events, online webinars, and how to provide your feedback you can:

visit our project website **nationalgrid.com/nh-hm/localisedconsultation** (scan the QR code to be taken directly there) email us at **contact@nh-hm.nationalgrid.com** call us on **0800 051 4430**
